Everybody deserves to

GLOW

Wrinkle Reduction & Skin Lightening Complex

Witade Whitening Cream corrects uneven skin tone. Clarifies the skin & improves vitality for a more radiant complexion.

GLUTATHIONE

the master anti-oxidant has proven anti-aging, photo-aging and anti-wrinkle effects. It plays major role in cellular detoxification, assists in cellular respiration and helps in reducing the extrinsic signs of aging by replenishing skin lipids.

NIACINAMIDE

is a form of vitamin B3, that stimulates collagen and keratin synthesis, which helps in maintaining healthy skin cells by increasing skin elasticity. Niacinamide acts as a humectant and antioxidant that helps lighten dark spots, reduce pore size over time, treat hyperpigmentation, redness, eczema, and many skin conditions.

ALPHA ARBUTIN

Is a naturally occurring antioxidant and skin brightener that is naturally found in the bearberry plant. It reduces melanin formation, improving the appearance of age spots, freckles, melasma, and post-inflammatory pigmentation.
