### Eliminates stubborn dandruff itching & scalp redness

Douxagen is a cleanser for your hair, scalp and used for intense pityriasis and scalp desquamative alterations. contains a conditioner to protect your hair and scalp, preventing dryness and leaving your hair soft & shiny

#### Zinc Pyrithione (ZPT)

is an active material that effectively treat dandruff and seborrheic dermatitis. It reduces buildup on the scalp and helps de-clog your follicles. It is antifungal, antibacterial, and antimicrobial, meaning it can kill fungus, bacteria, and microorganisms that can contribute to an itchy, flaky scalp.

#### Climbazole

has shown a high in vitro and in vivo efficacy against Malassezia spp. that appear to play an important role in the pathogenesis of dandruff. Its chemical structure and properties are similar to other fungicides such as ketoconazole and miconazole.

#### Aloe Vera

Our Premium Aloe Vera with its naturally moisturizing properties (and a perfectly complementing combination) ultimately leaves your hair strong and moisturized for a perfect look.

#### Silicon Conditioner

is a serious hair conditioning multitasker. It smoothen, detangles, and moisturizes hair. Silicone also expands when heated and thus makes our hair appear thicker.
