WITADE

WHITENING SOAP

WRINKLE REDUCTION &
SKIN LIGHTENING COMPLEX

Glutathione, Vitamin C, Glycolic Acid

witade whitening soap helps in reducing skin pigmentation like freckles, pigmented skin. it works effectively to remove dirt from your face & body. It peels off your dead skin so the new skin will appear and your body and face will look clean.

VITAMIN C

Derivative and highly effective antioxidant, improves collagen synthesis and reduces wrinkles. It also inhibits melanin production in the skin, which helps to lighten hyperpigmentation and brown spots.

GLYCOLIC ACID

act as chemical exfoliants and remove excess pigment in the upper layers of skin. It also works to directly reduce melanin formation by inhibiting melanin production. In addition to accelerating cell turnover, glycolic acid stimulates collagen production and promotes a smoother texture and more consistent tone.

GLUTATHIONE

As a high antioxidant that can maintain healthy skin cells also has the benefit of making skin look brighter. Regular use of soap containing glutathione can make your body glow
